Dear Parents/Guardians of Sec 4 and 5 Students

INFORMATION SHEET (TERM 1 2018)

1 Happy New Year and a warm welcome to our Deyi family! We hope your child/ward has settled into school and is ready to start the New Year with discipline and determination.

GCE 'N' Level Results 2017

2 We are delighted to share with you that our students performed well in the 2017 GCE 'N' Level Examination with many subjects and overall passes exceeding national averages. We wish our graduands success in their future endeavours as they continue to bring pride to the Deyi community.

Homework Policy

3 The school believes that homework, when used appropriately, can reinforce students' learning, provide feedback on their progress and cultivate a healthy disposition towards continual learning. The school's Homework Policy guides teachers in setting well-designed homework to bring about intended learning outcomes, moderating the amount of time students spend on homework and providing timely feedback on marked assignments. The school management committee coordinates the homework load across departments by determining the weekly homework load for each subject. A "Homework Board" is available in every classroom for teachers to write down the homework given to the class as well as scheduled tests so that students can keep track of them. Your child/ward will also be instructed to write down details of homework and tests in the Student Handbook, for your reference as well. We seek your understanding and support as our partners in education to ensure that homework works for your child/ward.

Common Test

4 Common Tests will be conducted between Weeks 6 to 9 of Term 1. English and Mother Tongue Language Tests will be conducted in Weeks 6 and 7 followed by other subjects in Weeks 8 and 9. Details will be provided through your child.

Please note that the class timetable will run on different schedules on Odd and Even weeks. The week of 2-7 January is considered as Week 1, an odd week. Co-Curricular Activity (CCA)

7 A holistic education provides students with a broad and deep foundation for lifelong learning. This includes learning not just in the academic areas. Equally important is the development of values and life skills in each child. This will equip the child to handle the challenges in life later on. Co-curricular programme also supports students to discover their strengths, interests and talents. Hence, CCA participation is compulsory at the secondary school level. Our school's CCA days* are on Tuesdays and Thursdays. Each session will last about 2.5 – 3 hours. The above information is presented in each student's timetable. On Tuesdays and Thursdays, the PM Recess is from 2.10pm to 3.00pm. Students will have their lunch in the school canteen. They will then report to their CCAs at 3.00pm sharp.

*Schedule might vary due to competition/SYF requirements and other special activities.

8 Co-Curricular Day will be held on 13 Jan (Sat) which will showcase our school's range of co-curricular programmes and CCA groups. These programmes inculcate sound values in our students, build strength of character and foster camaraderie. They also provide opportunities for students to develop leadership qualities. Our Values-in-Action programme helps students develop qualities such as care, concern and respect for others in society. Booths are set up for students to interact with their seniors to discover what each CCA is about.

- The phone must be switched off during curriculum time. Putting the phone in silent mode will not suffice as it will still serve as a potential distraction to students

- The phone must not be used to take photos or videos in school, unless permission is given by the school authorities.

MOE SEXUALITY EDUCATION IN SCHOOLS - THE GROWING YEARS PROGRAMME

17 Sexuality Education (SEd) in schools is about enabling students to understand the physiological, social and emotional changes they experience as they mature, develop healthy and rewarding relationships including those with members of the opposite sex, and make wise, informed and responsible decisions on sexuality matters.

18 SEd is premised on the importance of the family as the basic unit of society. This means encouraging healthy, heterosexual marriages and stable nuclear family units with extended family support. The teaching and learning of SEd is based on respect for the values and beliefs of the different ethnic and religious communities in Singapore on sexuality issues.
